

01 Read the source

Illustrative source excerpt

“A took office in 2010.”

“B replaced A in 2015.”

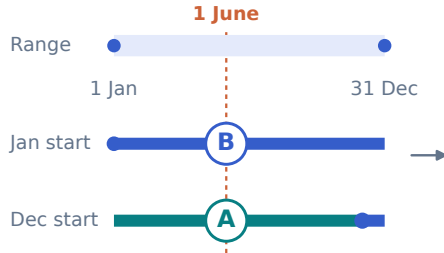

Compile the source witness

A's start precedes the query year.

02 Keep the date range

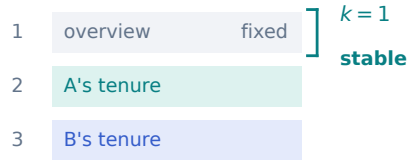

B can start on any day in 2015.

Both timelines satisfy the source.

03 Certify the context

Who held office on 1 June 2015?

k = 2: the context changes

Jan start **[overview, B]**

Dec start **[overview, A]**
